

Going on a plane

A social story to read together before the trip.

My name is _____ and I am going to _____

1

I am going on a plane. A plane is a big machine that flies in the sky.

2

First we go to the airport. It can be busy and noisy. That is OK.

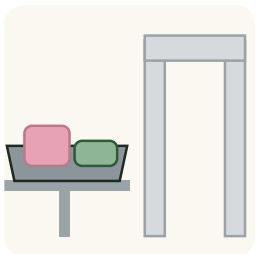

3

I can wear my sunflower lanyard. It helps people know I might need more time.

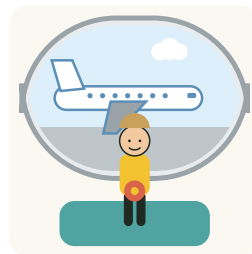

4

We give our big bags to the people at the desk. They will look after them.

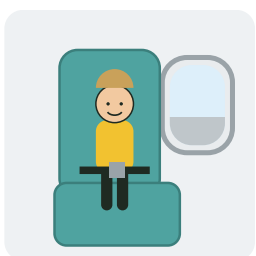

5

Next is security. I put my bag in a tray. I walk through a door frame. Someone might check my bag. Then I get it back.

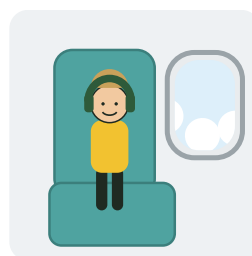

6

Then we wait. I can hold my fidget, look out of the window, or eat my snack.

7

When it is time, we walk onto the plane. I find my seat and put on my seat belt.

8

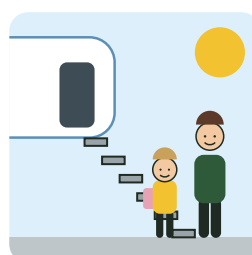

The plane gets loud when it goes up into the sky. My ears might feel funny. I can wear my headphones and hold my fidget.

9

If I feel too much, I can use my signal. My grown-up will help me have a break.

My signal is: _____

10

The plane comes down and we get off. We are on holiday. I did it.
